SENTENCE COMPUTATION

For any felony committed on or after July 1, 1997, where the defendant has at least one prior felony conviction, the court may impose a state prison sentence not to exceed 22 months when a non state prison sanction is recommended, or when the minimum recommended sentence is less than 22 months in state prison.

• 40 or less total sentence points mandates a non state prison sanction, except as provided above. Sentence points less than or equal to 40 may be increased by 15 percent

	<u>38.6</u>	x 1.15 =	<u>44.39</u>
	Total Sentence Points		Increased Sentence Points

• If total or increased sentence points are greater than 40 or equal to 52, state incarceration is discretionary. A total of more than 52 total or increased sentence points must be a state prison sentence. A life sentence may be imposed at the discretion of the court if total sentence points are 363 or greater.

	<u>44.39</u>	minus 28 =	<u>16.39</u>
	Total/Increased Points		State Prison Months

• The sentencing court may increase or decrease prison months by up to 25 percent except where total sentence points were originally increased by 15 percent to exceed 40 points. Any state prison sentence must exceed 12 months.

	State Prison Months		x .75 =	Min. Prison Months
			x 1.25 =	Max. Prison Months
